FROM THE PRESIDENT

At this writing a nominating committee has been appointed to provide candidates to replace the three outgoing directors, myself, Jeff Leinassar, and Fred Lawrence. We have been on the Board three years and our terms are up.

None too soon for me, I think I will start wearing a flak jacket and hard hat the rest of the year because I am too young to die.

The budget and audit will be completed soon, and the Finance Committee is ready to pounce on them. Good news - our delinquent accounts are much better.

The plans are about finished for remodeling the dining room and enlarging the kitchen. The kitchen part is badly needed now. This project will be done as soon as financing is available.

The new cart shed plans are completed and will be built as soon as possible. This project for the most part will be self supporting.

Happy Turkey Day
Vern Minkler

RESERVATION POLICY

The AGCC reservation policy requires that the earliest callers obtain the better tables. The reservations are numbered as received. We encourage you to drop in, in last minute situations, but even a phone call before you leave the house can help us serve you.

DINING ROOM MINIMUM

The last day for the use of your November dining room minimum is Sunday, November 27. The end of the next quarterly assessment is Wednesday, December 28.

FROM THE PRO SHOP:

If we are not on winter rules by the time you read this, all those green plugs scattered around the golf course, you can get a free drop from them even if they are not marked.

Now is a good time to be thinking about using those ball credits you earned during the year for Special orders for Christmas presents. They should be given now for sure delivery in time for Christmas.

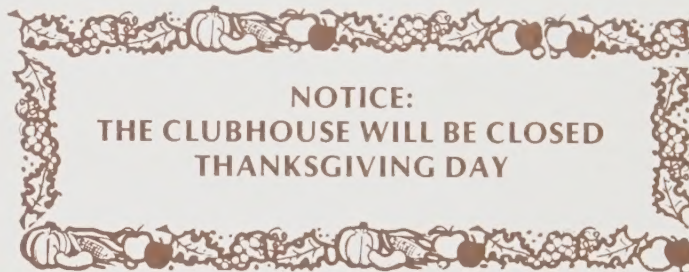

The responsibility for playing the proper ball rests with the player. Each player should put an identification mark on his ball. Playing the wrong ball in stroke play is 2 strokes penalty. In match play, it is, lost of the hole.

BOB GASPER

CART OWNER INFORMATION

For longest battery life, your electric golf cart should be charged four hours a month during the off season even though you don't use the cart. This will be done for you free of charge if you leave a service order.

For the Yamaha carts, the manufacturer has a recommended procedure for winter storage, if the cart is not to be used at all over the winter months. This can be done for a nominal charge if you leave a service order.

U.S.G.A. METHOD FOR REPAIRING BALL MARKS ON THE PUTTING GREEN

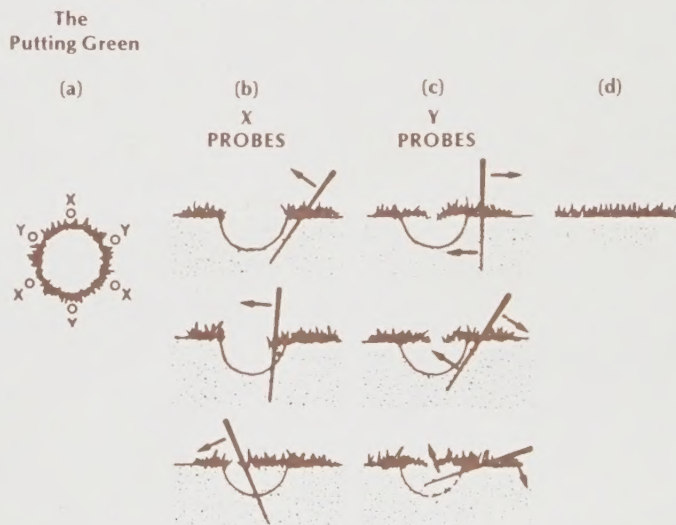

Figure 3-26. Procedure for repair of ball marks on putting green. (Concept by A. Radko, drawings by L. Record, United States Golf Association Green Section.)

- X-marks indicate probe penetration to stretch turf over ball mark; y-marks indicate probe penetration to loosen and raise soil.
- Stretch turf by inserting sharp probe into soil at 45-degree angle 0.5 inch (1.27 centimeters) outside perimeter of ball mark and moving probe toward ball mark and down.
- Loosen soil beneath ball mark by inserting probe vertically into soil 0.5 inch (1.27 centimeters) outside perimeter and pressing away from ball mark and down.
- Firm turf with a putter, the palm of hand, or a shoe.

FROM THE PRESIDENT

Dear Members:

The parking spot and hours were great, but the pay was lousy.

Now I know just how the deep sea diver felt, while on the ocean floor he received an urgent message from the captain to come up quick and get aboard because the ship was sinking. All in all it has been a learning year and sometimes even fun. I am happy I had the opportunity to be a part of it.

I have learned that the members of our club are keenly aware of what the president and board do and do not do. They all indicate a vital concern on how our club should operate to maintain its historic and valued place in our community.

I have learned with some disappointment that a very few of our members believe that as members they have the privilege to bend our rules as they see fit.

I have learned that our paid management and all our staff are dedicated to their work, often working long hours, often unappreciated, often criticized, and sometimes praised.

This I do know, we have the best Clubhouse and golf course in the country, and above all the greatest group of people I have ever had the pleasure of being associated with.

Que sera sera,
Vern Minkler

BRIDGE LUNCHEON Thursday, December 8th

FROM THE PRO

Our Hawaiian trip is full. Sixteen lucky people will enjoy the warm sunshine and the Hawaiian Open during the week of February 4th. The beautiful weather we enjoyed here in Astoria this year makes a person long for the nice weather of the Hawaiian Islands, especially when the rain and strong winds appear here.

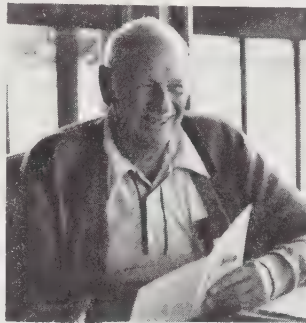

Astoria Club Champion, Don Sheldon, found out that being a Club Champ at Astoria Country Club doesn't mean he will be Club Champ at Shore Pines in Washington. Don was eliminated in his semi-final match by Paul Kauttu. Paul was eliminated by Archie Nicholson in the finals. Congratulations, Archie!

On October 3rd. Ralph Dichter, using a six iron, made a hole-in-one on No. 17. This shot makes number FIVE for Mr. Dichter!

On October 10th. Ken Wrenn, a former Club President and avid golfer, had a great round of golf and shot his age, 78!!!!

MEMBER HONORED

One of our members was recently honored by the Oregon Senior Golfers' Association for faithful attendance and longtime membership. Bill Palmberg, shown in photo, received a plaque denoting this accomplishment at the Senior Tournament held in August at Eugene Country Club. Bill was unable to attend this tournament however, so the award was made by George Abrahamsen, the Astoria Golf and Country Club director of OSGA, at a luncheon in September.

THANKSGIVING DAY**

FROM THE GREEN SUPERINTENDENT:

I want to inform the fine golfers of our Club as to why we have to play temporary greens once in a while. It is OK to play on the greens after a frosty night when they have thawed out on top but are still frozen underneath for a few days but after several days of these kind of conditions the grass and ground will literally wear out, killing the grass in areas of use.

If these greens are walked on, sometimes the grass breaks just above the ground level and will subsequently die. A good example of the damage I am pointing out to the members is now viewable in front of the Clubhouse on the grass along the driveway.

If the greens and the ground are frozen and it begins to rain, there will be use of temporary greens with no power carts allowed until the ground is completely thawed.

In conditions where the grass and subsoil are thawed out, but quite mushy, it is important to be very careful with the power golf carts. Once in a while it is best for the course to keep the carts off completely and the Pro Shop has signs that let you know what conditions prevail.

The Board has empowered me to decide restrictions of play on regular greens, cart usage, and even when the course is shut down all together. In my absence, I delegate the responsibility to a qualified member of my crew. Whenever restrictions occur, the first thing that I consider is what is good for the golf course. I hope that I can count on the membership to recognize the need for these decisions. I assure you that I don't enjoy restricting play in any way.

Thanks,
Bill Winslow
Greens Superintendent

LADIES BRIDGE TOURNAMENT -

Find a partner and sign up for the ladies bridge tournament that begins on Tuesday, January 8th. It will be a six week tournament the same as last year, EXCEPT no guests will be allowed this year due to the enforcement of Club policy about in-county guests. Guests are allowed once in a calendar quarter. Sign up sheets will be in the locker room.

RULE OF THE MONTH

Definitions — Loose Impediments:

"Loose Impediments" are natural objects such as stones, leaves, twigs, branches & the like, dung, worms and insects and casts or heaps made by them, provided they are not solidly embedded and do not adhere to the ball.

Sand and loose soil are loose impediments on the PUTTING GREEN, but not elsewhere.

Snow and Ice are either CASUAL WATER or loose impediments, at the option of the player.

Dew is not a loose impediment.

MOVE OR MOVED:

A ball is deemed to have "MOVED" if it leaves its position and comes to rest in any other place.

LADIES' CHRISTMAS PARTY

Tuesday, December 4

A luncheon and gift exchange will accompany the installation of the 1985 officers of the Women of the Astoria Golf and Country Club.

The Executive committee will act as hostesses during a social hour preceding lunch. It is requested that gifts for the exchange be limited to a value of \$3.00, homemade items are encouraged. Complimentary gimlet punch at 12 noon, with luncheon to follow.

BRIDGE LUNCHEON

Thursday, December 6

Ladies, join us for bridge at 10:00 a.m. on this day. We will serve coffee and rolls in the morning and following luncheon a confection table will be offered in the afternoon. Reservations, please.

SPECIAL NOTES

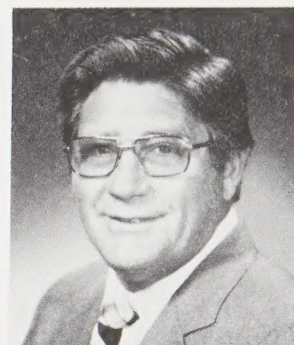

Due to construction, the Dining room will be closed on December 7th, 15th, and 23rd. There will be no mixed couples bridge during December. We're sorry for any inconvenience to you.

Proprietary members, please remember when you sign your name as sponsor on a new member's application, the Board of Directors are assuming you are personally acquainted with the applicant. Your signature is a primary factor in the decision to approve new members.

DECEMBER LUNCH SPECIAL

"The Hard Hat" Roast pork, served on grilled sourdough rye, topped with sliced apple and special sauce. \$3.50

FROM THE PRESIDENT

We are happy to report that the Clubhouse remodeling project is on schedule and will be completed sometime in late December. Mr. Dan Van Dusen will be the Chairman for the opening ceremony and will advise all members of the date. Plan to attend this gala event.

The Board of Directors wish to thank Mrs. Lucille Long and all the Ladies for their support and contribution to the Club during this construction period.

At the regular Board meeting, November 14th, the Board placed a limit on Non-Resident members of 200. We strongly recommend that Non-Residents who wish to secure their membership, do so by transferring to Proprietary status. We have reached a point in membership where inconveniences are occurring during the Summer months.

I have greatly enjoyed my year as President of the finest golf club in Oregon. I have had the pleasure of serving with a very hard working Board.

Respectfully,
Jim Stroup
